Professional with 15+ years of consolidated experience, including government audit, fiscal and accounting compliance, Big4 consulting, and full-stack development (FastAPI/PostgreSQL/Docker). Track record in regulatory audits, ERP and GRC implementation for insurance companies, Python and HTML automation adopted by multiple insurers, health plan operators, and closed pension funds. Global differentiator: Participation in international training in English with Microsoft teams (multi-timezone) and resolution of technical tickets with EY/Microsoft USA teams. Trained 200+ EY South America professionals in Power BI. Hybrid profile: regulatory vision (SUSEP/ANS/PREVIC/BACEN) + advanced technical execution in IT + AI governance. Formal mentor to 2 consultants.

PROFESSIONAL EXPERIENCE

Ernst & Young (EY) — 2022 – Present

Senior Consultant | Risk & Compliance — Aug/2025 – Present

Property & Casualty Insurance Company | Multi-Year Compliance Transformation Programme

- Led multi-year Compliance transformation programme at property & casualty insurer, managing cross-functional team of consultants and analysts, coordinating with C-Level stakeholders
- Structured end-to-end GRC framework via **IBM OpenPages**: **200+ regulations** mapped across 5 pillars, **2 internal** norms and **3 procedure manuals** implemented, 350+ users trained
- Reduced regulatory norm assessment cycle by **60%** (45→18 days), accelerating time-to-market for new products and improving regulatory agility
- Eliminated **99%** of manual effort in risk reporting generation (16h→8min), freeing executive team for strategic analysis and decision-making
- Supported internal audits on **SUSEP** regulatory topics, mitigating exposure to fines and regulatory sanctions
- Structured corporate compliance intelligence with **4 executive dashboards** (22 KRIs), targeting a **95% reduction** (6h→20min) in Committee meeting preparation time
- Conceived and delivered standalone **regulatory self-assessment solution** for SUSEP, ANS, PREVIC and others, adopted as reference by **13 insurance companies**
- Structured **TPRM (Third-Party Risk Management)** programme with continuous monitoring of critical and relevant suppliers, aligned to best practices
- Designed **Compliance by Design** workflows and structured cross-functional data governance
- Led organisational alignment to **ISO 37301** and **Three Lines Model**, strengthening compliance culture

Risk Consultant — Oct/2023 – Jul/2025

Dental Health Plan Operator (ANS) | Internal Audit

- Planned and executed **risk-based internal audit** engagements, using risk assessment as primary scoping driver
- Applied **human-reviewed AI** for risk prioritisation and regulatory summarisation, increasing analytical efficiency
- Tested design and operating effectiveness of controls, classified findings and conducted root-cause analysis
- Negotiated action plans with senior management and issued executive reports with peer review
- Trained client teams in audit methodologies and operational risk management

Business Consultant / Consulting FSO Trainee — Feb/2022 – Sep/2023

Traditional Insurance Company | Revitalisation Programme (8 mos)

- Served as **Strategic Product Owner (PO)** of the revitalisation programme: orchestrated portfolio of initiatives, established executive governance, managed milestones and dependencies
- Redesigned customer journeys and product lifecycle, integrating quoting, sales and ERP systems
- Contributed to strategic portfolio adjustment (product mix, value proposition, pricing, channels)

- Structured wave-based roadmap with quick wins and long-term enablers for sustainable transformation
